Congressman Rogers Reports To Folks; Bureaucratic Doodling Of Tax Money Remedied By Kennedy-Rogers Action

(Editor's Note: Bureaucratic Doodling is a descriptive term of this editor.)

Congressman Paul Rogers reported to approximately 150 men and women of the Rotary, Lions, BFW and Jaycees Friday at noon that the Congress is very much aware of the international situation and is standing ready and in top shape for a defense standpoint.

He pointed out that "the public has informed Washington legislators of its opinion and feelings about foreign aid, and the last Congress took definite action by curtailing aid to foreign aid."

"I am sure," he continued, "that the next Congress will devote considerable study to this question of foreign aid."

"It is interesting to note that some foreign countries have used aid sent them by us to pay off their own national debts, and our own national debt of \$275 to \$280 billions is greater than the sum total of the national debts of all other countries."

Discussing the legislation that affects the Sixth District particularly, the Congressman pointed out that his amendment to the Sugar Act passed both the House and the Senate and provides that we may sell to ourselves 55% of the increase in sugar used rather than on a non-partisan basis.

"Floor control was dealt with generously," he said, "and the House and Senate recommended appropriation for foreign aid."

C&SF and also authorized additional expenditure of \$40 million. The President, however, saw fit to veto that bill, and the Congressman promised action on that at the coming session.

City Fathers "Turn To", For Headway

For actual accomplishment of the City Commission Wednesday night "turned on the heat" and left a list of definite actions for the administration of the City's business.

Judge Lloyd, Attorney Jones and Trustee of Mayaca County were reappointed, and (Dobbie) B. E. Mathews was appointed Judge Ad Litem.

Increased garbage charges by \$6.00 effective October 1st.

Directed procedure for the admission of the McWhorter subdivision into the city limits.

Instructed the Manager and Attorney to take whatever steps are necessary to insure continuance of the Avenue A crossing over the railroad.

Discussed the school zone established north of bridge where a sign "STOP for pedestrians" is located and a safety zone marked out for the benefit of pupils east of the bridge.

Appointed a committee to negotiate the securing of the triangular parkway at the intersection of First and East Palm Beach Road.

Put the public on notice that they are "again" issuing any new liquor, beer or wine licenses.

Accepted an invitation of County Commission Chairman

Will Spoonsfull of Soil Bank Funds Be Distributed In Florida Or Shovel Sized Payments As In State Of Iowa?

It is reliably reported that farmers in 45 states have been paid \$260,998,747 under the soil bank plan! Did you ever see governmental bureaucrats move so quickly as they have under this program? Of course, the fact that this is an election year when the Republicans are having a hard time convincing the public that Ike, instead of Adams and his group of Republican politicians, is really President, wouldn't have anything to do with it.

Legion Square Dances

The House Committee of the local Legion announced that "The JB Crazy Four" has been engaged to play for a series of Saturday night dances at the Legion hall.

The Committee attended an east coast show of the group before deciding that they were able to give local patrons the type of entertainment and music most popular.

The dances are held under the strict supervision of the Committee and the public is invited.

Glades Court House To Be Selected By U Of Fla. Research

The County Commission Monday agreed to ask a University of Florida Research staff to survey the Glades and recommend a site for the administrative building provided in a bond issue, the validation of which was being okayed by the Supreme Court.

The issue which is proposed by the commission for financing a new children's home, an administration building in the Everglades and for courthouse furnishings, was presented to the state supreme court on the basis of a 1949 law which provides that a tax may be levied by the commission for construction of jails and courts.

Register And Vote Say Our Ministers

The Ministers of Belle Glade in a meeting of the Ministerial Alliance, September 25th, unanimously agreed that with the local, state, and national elections near that we encourage all citizens to study carefully the important issues involved and be sure to register by October 6 and go to the polls and vote on November 6th.

Have You Registered?

Are you a freeholder? Are you registered? If you are not registered, you have until October 6th at 5 p. m. to get your name on the rolls to be held on November 6th on the school bond election to be held on November 6th.

A freeholder includes any registered voter who owns an interest in real estate in the County. If a co-owner to buy, the wife and husband, both may register, vote, if in only one name, only that one may vote.

In order to register to vote a resident must have lived one year in the state and six months in the County.

The Belle Glade Citizens Committee is Junius Harris, Frank and Theo. Dooley, Joe Friedheim, Herman Close, R. E. Notard, Mrs. Ruth Wedgworth and W. C. Taylor.

South Bay's Growth Indicated In Increased Valuation And 33-1-3% Increase In Budget To \$60,000.00

With the approval of a \$60,000 budget for the coming fiscal year and the adoption of the assessment roll of \$2,508,079, by the City Commission, Mayor Sullivan of South Bay pointed out that this indicated growth of one-third was also borne out by the increased franchise tax of the Florida Power and Light Co. to the City, for the immediate future.

Know Your Candidates!

There are six candidates in the race for three vacancies for the City Council of South Bay.

The three receiving the highest number of votes will be declared the winners following the election on October 2nd.

"I came to the Lake in 1919 as a property owner" says Mr. Fisher. "Before the City was platted I argued that he done, and have since that time been active in bringing to our city the growth to which its location entitles it."

Mr. Fisher has served three terms as Councilman and was elected Mayor. At present he is in charge of street work.

"I am asking the voters of South Bay to remember my work for the city's progress in the past, and believe my familiarity with the voting area and interest in the City's previous growth enable me to represent it as Councilman."

Rams Face Tough Test vs Trojans

The Belle Glade Rams, fresh from a surprising 34-0 victory over Seacrest, have spent three days in heavy scrimmaging and preparation for Friday's game with the Trojans of Lake Worth. The fact that the Rams will play the Trojans 19-7 is not causing the Rams to take the Lake Worth game lightly. They are counting reports that had it not been for fumbles, three bobbles by Lake Worth inside the opponents' 10 yard line, the contest might have gone either way.

Franklin W. Kelley, Jr. Is Offering For His Third Term As City Councilman

He is a native of the Glades, is associated with Glades Chevrolet, is married and has two children.

"During my previous terms I have been instrumental in securing playground equipment and am proud to have been busy in getting the Little League Park, Mr. Kelley said. "I have worked harmoniously" he said "with all councilmen in building and beautifying South Bay, and will be grateful for the opportunity to assist in bringing to completion the many projects now in progress."

William L. "Red" Wheeler Is 36 Years of Age and a 19-Year Resident of the Glades

He is married and has two children in school and one of pre-school age.

He is presently a druggist offering his candidacy on the platform of my sincere interest in the welfare and certain growth of our city, and the future welfare of our children.

R. B. Woodham Is a 43-Year Old Farmer with 24 Years as a Resident of the Glades

He is married with two children in school and one, Bobbie, "most three".

"Mr. Woodham said, "I am running for this City Council office because I am interested in the welfare of my community with particular reference to my own and other folks growing families. I am running strictly on my own and not associated nor tied with any clique or group."

CONGRESSMAN PAUL ROGERS, left, is greeted at the luncheon last Friday by Mrs. Joyce Caruthers, President of the BFW, Tom Brugger, left, President of the Rotary, Trouble Notard, President of the Lions and C. W. Crosby, Treasurer of the Jaycees. A joint luncheon was held to hear the Congressman's report from Washington.

Hi Teenagers!
 Wasn't that a wonderful football game last Friday night? I know we are all proud of our team. Let's support them at every game with that good school spirit of Belle Glade Hi. The band and majorettes did a grand job. Didn't they look resplendent in those new uniforms? It took lots of time, effort and hard work to get them but I'll bet everyone who contributed was mightily proud of our band.

Bill Blackwell and Jack Jackson rushed him to Belle Glade Hospital where nine stitches were required to close the wounds on his arm and face.

South Bay School News

Representatives from different school organizations are being elected to serve on the Student Council. As yet a few groups have not chosen a representative. Campaigns and elections will follow the same procedure as that of the city elections. Candidates have put up posters, made speeches and have set a special election day. Each candidate has a campaign manager to help with the work, make posters, and speak in his or her behalf on speech making days.

Last year our Student Council showed movies, helped decorate the Cafeteria, and helped with the PTA system. We hope to do as well this year. Football practice started Tuesday and the boys were ready to go. The girls are practicing for the cheer leader try-outs to be held in the near future. All are enthusiastic about the beginning of the football season.

The Elementary grades have received about two dozen library books in our drive to bring our libraries up to the state standard.

The assessed valuation of \$2,506,079, less \$420,000 homestead exemption, leaves a net assessed valuation of \$2,086,079 as against the previous year's valuation of \$1,817,490. "The gain in valuation," said City Clerk Crow, "is due entirely to new construction in the City, as no assessments were increased. A few were decreased a bit in the equalization of."

The Commission discussed

with Mr. Prewitt of Prewitt & Hall engineers, the location of permanent markers within the City for the benefit of landowners, as well as of the City in designating streets. Mr. Prewitt will furnish to the City an estimate of costs for preparing an up-to-date City Map as well as for the survey and markers.

The question of giving minimum floor elevations in their relation to eventual street elevations was discussed especially to business buildings. It was what direction rain waters will flow down a particular street.

City Clerk Crow reported that a definite answer from the C&SF Flood Control District is expected soon on the acquisition pointed out that an overall plan of drainage is necessary before it can be decided. In rock now piled on the east side of the Canal within the City limits. If the same amount of rock must be bought from local pits the cost will be almost prohibitive, and numerous street repair projects are

waiting for this decision. The millage for the year '57 was upped from 3.15 to 4.00 mills, which will account for approximately \$1700 additional revenue.

It is noted that utility taxes will bring in \$6,000, cigarette taxes \$3,500, licenses \$5,400, fines and forfeitures are estimated to be increased by \$2,500 and franchise taxes increased by \$1,000 for the new year.

Dr. Hill Passes State Veterinarian Exams

Noted Scientist Who Died in Jacksonville Native Of The Glades

Paul M. Tedder, 47, noted University of Florida Research professor in engineering, died September 19 in St. Vincent's Hospital in Jacksonville following an operation which was preceded by extended illness.

Tedder, whose research was instrumental in the development of the proximity fuse at the University, was also known for a number of classified inventions in the electrical engineering field.

For his work on the proximity fuse, known as the "atom bomb," Tedder received a citation in 1943 from the Scientific Invention and Development. The professor was named in "Who Knows What," and had written several documents in addition to his research.

Prior to joining the faculty of the University in 1943, from which he earlier graduated with a bachelor's degree in electrical engineering, he was employed in the Glades as a radio service man for Second Fable and Household Furnishings in Belle Glade, and later by Philco Distribution, Miami, Communications Division of the city of Miami, and the Federal Communications committee, also of Miami.

Tedder, whose family moved to the Glades many years ago, graduated from the Old Cape Point High School before entering college. His brother, C. H. Tedder lives and works in Belle Glade.

He was a member of Sigma Tau, professional fraternity, and Sigma Xi, and the First Baptist Church.

In 1945, the research scientist was awarded a Naval Ordnance Development Award and certificate for exceptional service, and in 1944, a certificate of appreciation from the War and Navy Department.

Tedder was born Oct. 3, 1908, in Tusculum, Georgia. He is survived by his wife, Mrs. Yvonne M. Tedder, and four children, Gene Paul, Joyce Elaine, Michael Anthony and Richard Wayne of Gainesville. His mother, Mrs. Charles Tedder and sister, Mrs. Harriet Ryals reside in Jacksonville.

Funeral services were held Saturday, September 22, in the Williams-Thomas Chapel in Gainesville. The Rev. Jack Nottminger conducted the services. Pallbearers were Thomas O. Neff, Sam Goethe, Calvin C. Greene, Eugene E. Stanley, Merton T. Hartman and M. R. Felts.

Vision Problems Important To All School Children

Fifty per cent of all children who fail reading have an un-

corrected vision problem, according to the East Coast Optometric Association which recommended better care for the 35 million pupils entering school in September.

The Association said the figure was based on a University of Chicago study of causes of reading failure.

As further evidence of the importance of vision to school achievement, it cited an Ohio State University study. There it was found that among children with "normal" vision, 73 per cent were scholastically satisfactory; 27 per cent were partial failures and none were total failures.

Among children with vision problems, 10 per cent were scholastically satisfactory; 19 per cent were partial failures; and 37 per cent failed in all subjects.

"With the aid of modern science, almost all children can have their vision brought up to par," the Association said. "The greatest need is for more diligence in discovering the cases that need care. Better vision screening methods are needed in the schools to supplement the superficial Snellen letter chart test."

The Association praised modern teachers for their ability to detect symptoms of vision problems observed as the child does his school work.

"Muck Sickness" In Beef Cattle

By Herb Chapman
Assistant Animal Nutritionist, Everglades Experiment Station

For some time cattlemen in the Everglades have recognized a condition in a small percentage of their cattle which has been termed "muck sickness," for lack of a better name. Little consistent effective treatment has been found. Cattle with this condition are thin, weak, usually scur, have a rough hair coat and a general listless appearance. A certain percentage will eventually waste away and die. These cattle usually do not have typical mineral deficiency symptoms as indicated by certain appearance and tissue analysis.

Preliminary studies conducted by the Everglades Station in cooperation with cattlemen in the area during the last summer indicate a possible beneficial treatment for this condition. Six fluid ounces of a 4 per cent copper sulfate solution, followed immediately by a phenothiazine drench to form with the steel, was almost beneficial for the weight of the animal, was effective as a therapeutic treatment in this condition. This treatment was given at 21 day intervals. Scouring was stopped in animals affected by this "muck sickness" and there was a subsequent gain in weight and strength.

It is important that the cop-

The story of the Motor Car
CAR VALUES - YESTERDAY AND TODAY

The automobile is one of the "best buys for you" money" more so today than ever before

Back in 1925, a car was expected to last 6 1/2 years and reach a mileage of about 25,000 miles. In 1953, a car would last 13 1/2 years, run 122,000 miles.

The same car in 1915 took 4,260 hours of work to buy. In 1955 the average worker needs work only 1,500 hours to accumulate enough earnings to buy a car.

In 1915, a car could seat two people up front and three as a tight fit in its back seat; today, three people sit comfortably in any seat, have a glorious panoramic view through wrap-around windshield and clear sides of a four-door RIVIERA like the Buick shown.

per sulfate drench be followed immediately by the worm medicine. If more than a minute elapses between the two treatments, the treatment may not be effective.

Dr. Chapman stated that the staff of the Experiment Station will welcome inquiries about this treatment.

Canal Point Child Dies From Burns

Funeral services for two-year-old Yelena Lynette Scott, daughter of Mr. and Mrs. Charles C. Scott of Canal Point who died at the Pahokee Hospital Monday night from burns suffered Monday afternoon, were held Wednesday at 2 p. m. at the Church of Jesus Christ of the Latter Day Saints, Ft. Lauderdale, Elder C. Austin Childs, a missionary of the church and Rev. James Boyd, pastor of the First Baptist Church, Pahokee officiated. Burial was in Port Mayaca Cemetery.

The child's clothing caught fire when the mother, who was in the kitchen, had run to the fire before her mother could stop her.

Other survivors in addition to the parents are a brother, Brent Scott, Canal Point; maternal grandparents, Mr. and Mrs. J. K. Davis, South Bay; and paternal grandparents, Mr. and Mrs. Charles Scott, of Fort Pierce.

White Cane Carriers Are Legally Protected

What does a white cane mean to you? The Florida Council for the Blind says that a white cane should identify the person carrying it as being blind, and as such, the state agency, the white cane should also serve notice to the public that the person bearing it is entitled to certain special consideration.

Blind people who have tried to cross a street, and have almost been run down by motorists, complain that drivers don't seem to understand their responsibility when they see a white cane in front of them.

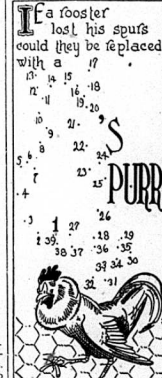

Blind persons would like thorough knowledge by everyone of the "White Cane Law," listed in the Florida Statutes under "Traffic Regulations to Assist Blind Persons." It reads in part as follows: "Whenever a pedestrian is crossing or attempting to cross a public street or highway, guided by a guide dog or carrying in his raised or extended position a cane or walking stick which is white or color or white tipped with red, the driver of every vehicle approaching the intersection, or, placing where such pedestrian is attempting to cross, shall bring his vehicle to a full stop before arriving at such intersection or place of crossing and, before proceeding shall take such precautions as may be necessary to avoid injuring such pedestrian."

A fine or imprisonment or both may be imposed on the offender for the violation of this law.

The Florida Council for the Blind and Lions Clubs cooperate to furnish every blind person in the state a white cane without cost. The cane, says

NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for four years. During the summer the student goes on fascinating training cruises as a midshipman. After completing the usual four-year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty with the Navy's fighting fleets. For those who apply and qualify, immediate assignment to flight training will open new careers in naval aviation.

MOTHER GOOSE DOT PUZZLE

High school seniors and graduates between the ages of 17 and 21 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1957. From the pool of qualified young men remaining in competition, approximately 2,000 will be selected to begin their naval careers next September.

The NROTC college training program is also open to enlisted men on active duty with the Navy and Marine. Separate quotas are established for applicants from within these services.

From where I sit... by Joe Marsh

Changed Her Whole
"Point of View"

Some local school teachers
spent the summer taking courses
at the State University. They
learned a lot, but one of them—
Miss Williams—got homesick.

"To save expenses," she re-
ports, "we chose a hotel that was
clean but grim. When I found my
window looked out on a coal yard
my heart just sank!"

But, when Miss Williams no-
ticed a note of geraniums on the
window sill and a note saying
"Look at these instead, (signed)
Last Occupant"—she decided to
let it out. She kept those flowers

watered and tended to make
them that much easier on the
next occupant.

From where I sit, it's often hard
to see out on new surroundings—
just as new customs often seem
strange to us at first. For in-
stance, if you've always had tea
with your meals you might find it
odd that I prefer a glass of beer.
It's OK! I prefer what's familiar
to you... but also keep an open
mind on what's new.

first choices but Don Hobson and Carl Norris are making it tough for them.

At the pivot position in the center of the line, two huskies, Glenn Bay and Gary Smith, are enjoying a stiff contest for starting honors. Tim Bass and Chas. Lockmiller are vying for the important job of quarterback. At left halfback, John Chambliss is in the lead because of size and experience but Charles Seale will see plenty of service particularly on defense. In the fullback slot, Romeo Perkins has the weight and size advantage but Speedy Chas. Lockmiller from South Bay may edge him out. Two South Bay boys are also scrapping for the job at right half: Roger Walker and John Willis are fairly evenly matched for the job.

The squad boasts no big boys with only two or three over 130 lbs. But they are long on speed and the desire to play. The game schedule, three games away and three at home, will provide some fast and interesting play for fans who are interested in seeing what the future Rams will have to depend on.

Model Car Makers May Win \$15,000

Eighteen university scholars worth \$38,000 and another \$77,000 in cash prizes are the stakes in the 1957 Fisher Body Craftsmen's Model Car competition.

Students for the competition are being accepted now. It was announced today by James P. Wines, secretary of the Guild.

Boys born in the years 1936 through 1949 are eligible to enroll in the senior division; boys born in 1941 through 1945 may enroll in the junior division. An enrollment card must be obtained by writing to the Fisher Body Craftsmen's Guild, General Motors Corporation, Detroit 2, Michigan.

Approximately 1000 public and parochial schools throughout the country will be visited this fall by field representatives of the Craftsmen's Guild to explain the model car building program.

A booklet on model car design and construction is given to each boy enrolling in the Guild. Prepared by professional designers and engineers, it is the only textbook of its kind for boys wishing to learn about automobile design.

There are 16 awards in each state and the District of Columbia, eight in each age group as follows: 1st — \$150 cash; 2nd—\$100; 3rd—\$50; and five honorable mention awards of \$25 cash. For judging purposes, the 46 states and District of Columbia are grouped into 20 regions. Each region elects a Junior and Senior Division winner expense-free to the national Guild convention next July.

Some of General Motors employees (including dealers and their employees) are eligible to enter the competition. Duplicate awards are made if a person of a GM employee wins.

The 1956-57 competition will end June 3, 1957.

Patients discharged: Mrs. Mary Lassiter, Eugene Holton, Mrs. Mary Susan, Mrs. Martha Holt.

Patients remaining: Mrs. Katie Brewer, Mrs. Pamela Buchanan, Mrs. Velma Teel, Claude Massey, Milton Higgins, Leroy Faircloth, John Kautz, Mrs. Dottie Snyder.

Jr. Varsity Prepares For Game vs. Pahokee

Twenty-one members of the Junior Varsity football squad are working hard in preparation for their opener here with Pahokee next Tuesday night at 7:30.

Coach C. H. Godwin's charges are attempting the very difficult task of mastering the rather intricate system which the varsity is now using. This will make their job easier next year when they become eligible for the "Big team."

Only boys in the 10th and 9th grades are eligible for the Junior Varsity.

The battle for starting positions is on in full swing and at present even the coach is having trouble as to which eleven men will take the field at the beginning of the 1st Pahokee struggle. At left end, David Chancy seems to be the best player. Hand while at right end, Richard Dees and Sidney Pearson are fighting it out.

Right tackle are Charles Mansfield and Alvin Schlechter and Jackie Cooper are rated about even. At guard Tommy Smith and Butch Bass may be

New ball point pens have been installed this week at the local post office replacing the old type pen used for many years. The pens are attached to the desk for safe keeping and are marked property of U. S. Post Office. There is a \$400 fine for removal of a pen.

Col. Wall Explains Questionnaires Sent Standby Reservists

"The Congress, in its last session, passed a law which authorized the Selective Service System responsibility of screening the Nation's entire standby reserve, both men and women, and the reservists are being mailed questionnaires to be filled out and returned to local boards for use in determining their availability in time of national emergency," Colonel Harold G. Wall, State Director, of Florida, said.

In explaining why the Standby Reservists are receiving these questionnaires, Colonel Wall pointed out some of the problems which faced the standby reservists in years past. He recalled, "In time of emergency the standby reservist has no way of judging if and when he would be called to active duty. This was actually less knowledge than most selective service registrants had in regard to their status, since selective registrants could find out many things regarding their situation, and also had the opportunity of presenting information to their draft boards (made up of local people), who could take action to reclassify the registrant where circumstances warranted it."

CARD OF THANKS

We wish to extend our heartfelt thanks and gratitude to the many friends and acquaintances who helped by prayer and kind suggestions during the convalescence of W. W. Bazgan. We pray God's blessings on each and every one of you.

Brotherhood Sponsors Attendance Tonight At Baptist Church

Tonight is the final service of the "Inspirational and God-Acquainted Week" of the church. This service has been designated "Men's Rights" and the Brotherhood will sponsor the attendance. Dr. Tommy Forney is Brotherhood president. Rev. Allen Watson of the North Baptist Church in West Palm Beach will be the speaker. Attendance has been good during the week and the interest in the church organization has been high.

This Sunday is the last Sunday of the church year and Promotion Day will be observed. Special programs in the departments have been planned and promotion certificates will be presented to those going up.

As a special welcome to the Young People's department for those coming in from the last part of the Sunday School hour to introduce and acquaint the youth with the department. A goal of 350 has been set for the Sunday School this Sunday. Promotion will be continued in the Training Union with plans for 100 in attendance.

Every duty that is bidden to wait comes back with seven fresh duties at its back.

October Events At Methodist Church

October 7 is Rally Day at Community Methodist Church with the attendance goal set at 400. Pins for perfect attendance will be given on Rally Day.

The week of October 7, Rev. Perfecto Romero, Methodist minister, from Cuba will be here and plans to attend the Laymen's Retreat at Leesburg and return to Belle Glade with the men of the church.

On October 14 at the evening service Rev. Romero will speak and Rev. James Gardner of Largo, Florida will be here to interpret. This will be Rev. Romero's first visit to the United States and he is looking forward with great anticipation.

The women of the church will be presenting their "Southeast Asia" which will be presented each Thursday morning, October 4, 11 and 18 and on Oct. 25 at 7 p. m. by Mrs. H. E. Garrett. The last meeting will be a supper meeting and guest speaker at that time will be Miss Lois Rea from Southeast Asia.

Refreshments will be served by the hosts to Mrs. Matthews, Mrs. Chapell, Mrs. Harold Zumpf, Mrs. Bonnie Weeks, Mrs. Ed Lively, Mrs. Sam Levee, Mrs. Ned Ayers, Mrs. Margaret, Mrs. Emmett Roberts, Mrs. Theodore Hahn, Miss Marian Najarian and a guest, Mrs. Mildred Harnick of Clearwater, and Mrs. Emmett Roberts.

Dedication Set For New Pahokee Church

October 14th has been set as the day for the formal Dedication of the new Saint James the First Baptist Church in Pahokee. A full day's schedule of activities will include Sunday School and Morning Worship, basket lunch on the ground, and a social service in the afternoon beginning at 10 a.m.

The evening will include Training Union and a concert of organ music. Former Pastors, Denominational Leaders, Pastors of the County and local Pastors and congregations will be invited.

Read Luke 11:13.

"I said, 'I will guard my ways, that I may not sin with my tongue.' (Psalm 39:1, RV.)"

Last summer on my way to the Shiraz Christian Conference, I was riding beside the bus driver. We were talking about automobile accidents. The driver said that few serious accidents occur on the narrow winding roads, such as Bushy Park. He said that every driver who comes to such dangerous roads collects his faculties and exercises the greatest caution to avoid an accident.

The bus driver also said that when drivers reach a straight, wide stretch they relax, confident that there is no danger. They become inattentive or drowsy, with the result that a collision occurs on what seem to be safe roads.

Truly our life also is like that. Do we prefer the broad and easy way? It is on the easy road, and as a result of the sleep of carelessness and indifference, that many of our spiritual accidents occur. Christ helping us, we can be alert to the things of God and not wander from the way.

Dear Father, help us to avoid the broad easy path of carelessness and indifference. Teach us this day, while we are busy meeting our needs, to stay in the King's highway, on the narrow path demanding care, and that we may be diligent to preserve the soul. This we ask in Christ's name. Amen.

THOUGHT FOR THE DAY

Today I will seek to walk in the step, difficult way that leads to the life abundant.

Rev. Malcolm To Broadcast Devotions

Rev. V. W. Malcolm, pastor of First Baptist Church, Belle Glade, will broadcast the morning devotions, Monday through Friday over WSWN, night with Mrs. Davis Kieckhefer, president, presiding.

Various reports heard were on the Junior Legion Auxiliary initiation by Mrs. Jane Hargrave, chairman and Mrs. Happy Ogle gave a report on the rehabilitation program and announced that everyone should get articles ready for Christmas for the Joy Shops in the Veterans Hospitals.

Mrs. James Fraser presided with Mrs. W. K. Whitlock as secretary.

Mrs. R. G. Murray conducted the prayer service. Mrs. L. L. Price led in prayer.

In addition to the regular business session emphasis was stressed on "Weekly Day Service Sunday morning and the Rally Day Congregational supper in the evening on Sunday, Sept. 30."

Presbyterian Church SS Rally Day Sept. 30

Rally Day will be observed in the Sunday School at the Everglades Presbyterian Church. A record attendance is expected. Dr. J. Leighton Scott pastor will speak on the sermon topic at the morning service, "Christian Assurance and Performance."

A Rally Day congregational covered dish supper will be held at the club at 6 p. m. including a time of good fellowship for all the families of the congregation. Pictures of other similar programs in the church will be shown.

The Pioneer Fellowship will come down from Kissimmee and will be entertained here. This is also the night that Belle Glade Golden Rams meet the Ft. Pierce football team, on Memorial Field.

All members were urged to turn in their dues to the treasurer by October 15. Volunteer Sunshiners Workers for V. A. Hospital were asked to report to Mrs. Mary Riley who will explain their duties and any other questions.

GLADES NATIONAL GUARD (Continued from page One)

Report was also made of the Bingo game which was sponsored at the V. A. Hospital in Coral Gables by the Legion and Auxiliary.

Refreshments were served to 15 members by the hostesses, Mrs. Lurline Brooks and Mrs. Jane Hargrave.

Announced plans are that the Glades communities may use the building for community gatherings when the Guard is not scheduled to use it, as the section of the building is a sort of cooperative plan whereby the City, the County Commission and the Florida National Guard contributed to federal funds to secure the size and accommodations provided in the plans and specifications.

Members of this festivity, Ned Ayres, Church School Superintendent is in charge of all arrangements. For further information call WY 6-3095 or 6-3157.

PROCLAMATION

By Mayor Z. T. Ingram

Designating the week of October 1, 1956 as EMERGENCIES DON'T WAIT WEEK.

WHEREAS, each year more than 5,000,000 Americans of all ages are killed or severely injured by accidents in the home and

WHEREAS, these fatalities may frequently be prevented with prompt attention and proper First-aid treatment, and

WHEREAS, effective First-aid can only be administered if the essential equipment is available, and

WHEREAS, it is the duty of every citizen to contribute to his own and family's safety, by being fully prepared to deal with these home accidents, and

WHEREAS, these emergencies do not wait for the home to be prepared to meet them;

I, Z. T. Ingram by the authority vested in me by virtue of my office, do hereby proclaim the week of October 1, 1956 to be EMERGENCIES DON'T WAIT WEEK.

and respectfully urge all citizens of Belle Glade not only to take note of the importance of First-aid practices, but to replenish their supplies with essential items commonly used in First-aid emergencies, since recognizing and being able to administer First-aid promptly can contribute to the well-being of every citizen of our State and Nation, as a whole.

Man's God-given ability to cope successfully with fear, sickness, and all discord will be emphasized at Christian Science Services this Sunday.

Keynoting the Lesson-Sermon entitled "Unreality" is then Golden Text from II Timothy (1:7): "God hath not given us the spirit of fear; but of power, of love, and of a sound mind."

The account of Jahaziel's prophecy and the overthrow of the enemies of Jehoshaphat (II Chronicles 20) will be included in passages to be read from the King James Version of the Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selection will be among those read (22:28-27): "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God."

Episcopalians To Have Picnic Sunday

The Church School of the St. Apostle Episcopal Church will hold a picnic at the Municipal Park Sunday afternoon about 3:30 or 4 p. m. Everyone is invited to attend regardless of age or lack of school age children. Each one is asked to bring their own eating utensils and food.

of Belle Glade, Bill Allen, Carmine Singletary, Joyce Collins, Mary Murry and Miss Jane Allen of South Bay.

Audubon Society Picnic Attended By McNeils

Mr. and Mrs. W. F. McNeil attended the Audubon Society and sightseeing trip to the Thomas Gaskins Museum at Palm Dale Sunday afternoon.

The group were conducted through the Cypress swamp along a Cat walk with Mr. Gaskins acting as guide and explaining the experiments carried on, etc. They saw the home of a Pileated Woodpecker that has lived in the swamp several years. This bird is becoming very rare. Picnic supper was spread in the Fishnet Creek Park.

CONGRESSMAN ROGERS (Continued from page One)

The citizens of South Florida were complimented on the attitude of forbearance and cooperation in the efforts of both the federal and state governments to rid us of that pest which might easily inhabit all of the southern part of the United States.

Particular thanks were given to Representative Emmett Roberts on his work in Tallahassee on the flood control appropriations. The other members of the County Delegation were of great help too, he said, but Representative Roberts carried the ball.

The County Commission and the several city governments of the Glades were complimented for their cooperation with him in Washington matters.

The Congressman told briefly of the value of the Kennedy Rogers bill, now a law, which sets up some sort of bookkeeping system for governmental departments to avoid piling up of appropriated monies unexpended from year to year. "We have enough hamburger for 80 years, I believe, and other absurdities just as ridiculous," he explained that under the provisions of the bill introduced jointly by himself and Senator Kennedy it is required that an accounting be had each year for the money appropriated and that Congress allowed the prerogative of slowing down, revising appropriations or abandoning projects according to the activity of the then current year.

An appeal was made by the Congressman for every citizen to take an interest in "this government of ours, which is the biggest business in the world" and told them that "governmental acts affect every one of us, and you should let your legislators know how you feel, and give the matter a fair amount of sincere prayer."

NEGRO NEWS

LAKE SHORE HIGH NEWS

The Lake Shore High "Bobcats," began their first day of practice on September 5 with eighteen boys reporting the first day. Twelve additional boys have been added during the past two weeks. Of the thirty boys reporting, eight of them are returning letter-men. Sixteen boys were lost last year by graduation and by other means. Coaches Joe Perry and Ben McCoy have worked hard to find suitable replacements. Coach Perry, who is in charge of the backfield says that he has found suitable replacements for the missing backfield men. Coach McCoy, who is in charge of the line has solved the problem of finding replacements for vacancies in the line.

Willie Benefield, a hard driving 175 pound fullback is expected to earn the starting spot. Otis McNeal and John Parker have been continuously catching the eye of the Coaches and are expected to earn positions at fullback.

The "Bobcats" line averages 175 pounds with Freddie Boatwright expecting to do an outstanding job at tackle. Herman Lawson, a hard charging guard, will be tough for all coming opponents this year. He will be hard to stop.

The Coaches said "that the entire squad has worked very hard and is in good condition. If we have good luck, we will be ready for the game Saturday with Attacks High in Dania."

The Bobcats play their first home game October 5 with the

Roosevelt High Maroon Devils. This promises to be a thrilling game, since strong rivalry exists between the schools. It is the first time the two schools have met in football in eight years. This renewal of football relations should be a dilly. Kickoff at eight o'clock at Memorial Field. Roosevelt's Lake Shore High's Bands will perform at half-time.

A starting team has not been selected as yet by the coaches.

Factory Trained GMC Mechanics Encouraged

A program to familiarize mechanics with the dramatic engineering advances in GMC trucks and school them on the latest servicing techniques has turned out 3,000 skilled truck maintenance specialists since its inception three years ago. The mechanics attended free courses ranging from engine tune-up to servicing hydraulic transmissions in GMC shop classrooms in 30 General Motors Training Centers across the nation.

More than 2,000 of the trainees represented truck operators seeking to exploit thorough, cost-effective maintenance procedures, the full profit opportunities built into their GMC trucks. The remainder included primarily dealer personnel, and some home office and field service personnel, government and military men, and foreign distributors.

The training courses are designed to take the guess work out of truck maintenance so the GMC operator will enjoy top operating efficiency and peak profits. Personnel sent to these courses already are journeymen mechanics, who learn of the new engineering advances in the truck swiftly and efficiently under expert factory instruction.

Some of the benefits of proper maintenance include better over-all truck performance, decreased operating and upkeep expenses, less downtime, and fewer hazardous and costly road failures.

Classes are conducted on a "earn by doing" basis and participants receive intensive practical training and actual experience on "live" equipment. The ratio of students per instructor (6 to 1 at present) is kept purposely low so each class member will receive individual attention.

Rams Pick Hawks In 1st Game Here

The Rams upset the dope bucket and surpassed everyone's fondest expectations last Friday night when they clubbed the Hawks of Seacrest 14 to 0. A large but far from record-breaking crowd saw Belle Glade grab a quick 7-0 lead and go on to score more points in 45 minutes than the 1955 team was able to total all season. The victory hungry fans were treated to a sumptuous feast of touchdowns seasoned with extra points and topped off with some good music and a fine show by the band.

Seacrest won the toss and received. After losing ground on the first play they lost the ball on the second and the Rams recovered. From that point on there were Hawk feathers all over the place. Burkett exploded over right tackle for 10 yards and a touchdown and the rout was on. Seacrest was unable to move the ball after the second kickoff and punted to the 50 yard line where Jeff Thomas took it on a fair catch. Burkett immediately smashed over right tackle again, this time for 50 yards and a touchdown. The Rams then led by 13 to 0 and the game was only three and one-half minutes old. Seacrest made its only effort to get back into the ball game after the third kickoff. They found a weak spot on the right side of the Belle Glade line and drove for 55 yards to the Rams' 5. Here the hometown put on a fine goal line stand and took the ball on downs at the three yard marker. Bradcock kicked 40 yards out of danger. Late in the second quarter the Rams began rolling again from their own 40 yard line. Burkett barreled 40 yards over right tackle to the Seacrest 20. Jackson got 4 yards at left tackle and Bradcock sneaked seven yards to the 9. Billy Lee then took a pincushion from Bradcock for nine yards and a score. Belle Glade was threatening again at the 9 when the half ended.

After the second half kickoff Belle Glade fumbled and Seacrest recovered. On the next play Seacrest gave the ball back to the Rams on a fumble. Frieheim and Jackson picked up a first down and the Rams were on their way again. Burkett went 26 yards to the Hawk's 20. Bradcock sneaked for 6 yards and then passed to Armstrong to the touchdown. In the fourth quarter Belle Glade launched another drive from its 50 yard line. Harris passed 36 yards to Armstrong who went the remaining 20 yards afoot dragging two Hawks across the goal line with him.

The Belle Glade High School Band resplendent in its immaculate new uniforms, and marching and playing in mid-season form, gave an excellent pre-game and half-time show which was well received by the spectators.

In spite of the obvious fact that the boys did an unusually good job in upsetting Seacrest it would be a serious mistake to attempt to use this game as a yardstick with which to measure future performance. It seems to be the consensus of opinion that Seacrest was far from being the ball club that it was supposed to be. They fumbled frequently, their timing in the backfield was off, the tackling and blocking was not sharp, and to top it all off they were without their coach. If the Rams can take Lake Worth then we can pretty safely assume that we have a first class team.

How Much Sales Tax Does The Glades Pay

Twelve of Florida's 67 counties paid a hundred thousand or more of the sales tax of \$7,185,000 collected for the month of August 1956; ten kicked in two hundred thousand or more; five paid more than half of the total, while two, Dade and Duval paid about 37% of the total.

Palm Beach County paid \$322,700 for seventh place just behind Orange with \$335,800 and Broward, fifth, with \$464,156.

Palm Beach County increased 24% over last year, Broward increased 30%; Escambia increased 30%; Brevard increased 40%, while little Bradford had a 50% increase to \$11,300.

Eleven of the Florida counties decreased in August sales tax over last year, while fifteen managed to just about hold their own.

The ten high counties pay 60% of the total and accounted for 91% of the \$1,078,000 increase of '56 over '55.

Hillaboro, third, Pinellas, fourth, Orange sixth, Escambia ninth and Polk tenth, were half

of the first ten not on the east coast. Dade, Broward and Palm Beach accepted for 50% of the increase of '56 over '55, and a bit more than one fourth of the total. Comptroller Roy E. Green says that \$100 million will be collected this year from sales tax, which represents about a 30% increase over the '54-'55 figures.

Glades Boys and Girls In Service

Pvt. Jack Hemphill, radar operator in the artillery branch of the U. S. Army is reporting to Ft. Lewis, Washington and from there will be shipped to Fairbanks, Alaska for a 24 month period. He has been on a 20-day leave and visited his parents, Mr. and Mrs. John D. Hemphill in Lake Harbor.

Jack is a graduate of Belle Glade High School class of '54 and enlisted in the service for three years last October. He received his basic training at Fort Jackson. He was at Fort Bliss, Texas attending artillery training school and recently at Droughton, Pa.

Sp 3/c William R. Price, his wife, Margene, and two children, Ridge and Darlene, will arrive home the first of next week to spend a thirty day leave.

Price will complete his schooling at Fort Monmouth, New Jersey October 1st and is to report November 13th at Fort Lewis, Washington, for an eighteen month overseas assignment.

Fort Campbell, Ky. — Army Specialist Third Class, William R. Blandon, 21, son of Mrs. Laura Blakely, Clewiston, Fla., participated in Organizational Day activities for the new 191st Airborne Division at Fort Campbell, Ky., Sept. 21.

The 191st has been reorganized along concepts of modern atomic-age warfare and is now a streamlined, completely air-transportable unit packed with fire power. Specialist Blandon, a rifleman in Company B of the division's 501st Combat Group, entered the Army in Oct. 1953.

Majority Of Budget To Go To Missions

The First Baptist Church in business meeting last Sunday approved a budget for the coming year of \$46,030.80. The budget came to the church on the recommendation of the Budget committee and the Board of Deacons. Of this amount \$2,175 will go for Missions. This is the largest budget the church has ever approved and the first time that a majority of it will go for Missions.
